Field Training (July 2024 to September 2024)

Place:

BUGANDO MEDICAL CENTRE

Department:

Accounts Department

PLACE	DURATION	WHAT I DID
Institute of Accountancy Arusha (IAA)	From 2022 - 2025	• Facilitated peer-to-peer learning by tutoring fellow students in my course as well as students from different departments, focusing on Computer Science and related subjects. • Developed a Land Selling System for listing and filtering plots for sale, tailored to the Arusha region. • Created a Poultry Disease Diagnosis System that detects possible poultry diseases based on user-input symptoms, using a combination of PHP, MySQL, and basic AI techniques. • Assisted classmates in practical programming tasks, debugging code, and understanding software development concepts.
NSSE, MUSOMA	FROM JULY TO SEPTEMBER 2024	• Provided IT support to staff by troubleshooting computer hardware and software issues.

		• Installed, configured, and maintained operating systems, application software, and antivirus programs. • Assisted in managing office computer networks, including LAN connectivity and internet access. • Supported users in using office systems, emails, and other digital platforms. • Performed basic system maintenance, including data backup and system updates. • Assisted in printer, scanner, and other peripheral device installation and troubleshooting. • Helped in data entry, verification, and management of digital records. • Observed and assisted in system security practices, including user access control and password management. • Participated in routine ICT operations and daily technical support activities.
